Re: Letter of Support for Achievement Preparatory Academy Charter Petition

Dear Members of the Board,

I am writing to express my strong support for the establishment of **Achievement Preparatory Academy (APA)**, a proposed public charter school serving students in Kindergarten through 5th Grade in Gwinnett County, Georgia. APA's model — combining rigorous academics, project-based learning, leadership development, and career exploration — represents exactly the kind of innovative, student-centered education that our community deserves.

IN MY OWN WORDS — Share Your Personal Connection

- ☐ I want my child to attend a school that values leadership
- ☐ I believe every child deserves a high-quality public school option that is best fit for them
- ☐ I want more innovative learning options in Gwinnett County
- ☐ I want my child to be known and supported as an individual
- ☐ I want my child to be exposed to career exploration and awareness in elementary school

Additional thoughts (I support APA because...):

Gwinnett County families deserve more high-quality public school options, and APA is designed to deliver exactly that. I urge you to approve the Achievement Preparatory Academy charter petition and help make this vision a reality for our children and our community.

Sincerely,
